JOB POSTING

Position: Nondestructive Testing Instructor

Company: Quality Control Council of Canada National Training Society

Location: Edmonton Training Society Centre 10403 172 St., Edmonton, Alberta, Canada.

Email: darcy@qcccanada.com

Description:

The NDT Instructor will provide support to the QCC National Training Society in the ongoing development and delivery of CGSB NDT Certification courses, practical workshops, refresher courses, recertification training and examinations, and the invigilation of exams.

While training will take place mostly at the QCC Training Centre in Edmonton, the position does require travel to provide satellite courses/ programs where the Director identifies a need across Canada. The Instructor will work with Contractors, providing services to the QCC, and with the affiliated Local Unions, to organize and schedule training sessions and encourage the highest usage rate of the facilities and the most efficient use of the Instructors time.

The Instructor is expected to advance the image of the QCC National Training Centre in the eyes of the Union members, the employers, and the community.

Duties:

- Develop, execute, and maintain a training syllabus for each NDT course and workshop requirement.
- Work with the Recertification Coordinator as necessary to ensure program success.
- Instruct in both classroom and lab settings.
- Participate in maintaining all requirements of NRCan regarding NDT training, certification and recertification.
- Maintain equipment in proper operating condition and ensure excellent housekeeping of the facilities.
- Maintain logs of all training and provide weekly reports of names, method, hours, and general comment on success of students.
- Other duties as assigned by the Director involving all aspects of the QCC Training.

Skills:

- At least 5 years' experience in the NDT field and familiarity with all sectors of work across Canada.
- Minimum CGSB Level 2 Certified in RT, MT, and PT (UT, XRF and CEDO would also be an asset). Materials Engineering Technology diploma would be an asset.
- Previous experience in classroom instruction, examination, and mentoring would be an asset.
- Must have excellent written and verbal communication skills along with advanced computer skills in MS Office.
- The ability to work with people in small teams and have the initiative to work independent of supervision.
- An outstanding safety record and maintain compliance with the QCC National D&A Policy.

Term:

One-year term commencing January 6, 2020 with possible extension based on performance and Society requirements.

Compensation and Benefits:

As per QCC Agreement consistent with qualifications.
Union Pension, and Health & Welfare Benefit Plan.

Qualified applicants can forward applications and resumes to:

Darcy Corcoran
QCC Director of Training
10403 172 Street
Edmonton AB, T5S 1K9

e-mail: darcy@gcccanada.com

Competition will remain open until a qualified Instructor is found. We thank all applicants for their interest in the QCC National Training Program. However, only those selected for an interview will be contacted.
